HEALTH CARE FLEXIBLE SPENDING ACCOUNT (FSA)*
The Health Care FSA allows participants to set aside pre-tax dollars (up to a maximum annual contribution per employee) to pay for eligible health care expenses incurred but not covered by other plans.

Retirement

PENSION PLAN
The Mayo Pension Plan is a defined benefit plan in which contributions are made by your employer. Your final benefit payout can be predicted because it is determined by a formula rather than by investment results. The longer you work for Mayo Clinic and the more you earn, the higher your total benefit becomes.

SUPPLEMENTAL RETIREMENT PLAN (SRP)
Staff members are eligible to receive a non-qualified retirement plan that provides a benefit beyond the Mayo Pension Plan when salary is greater than the annual compensation limit.

403(B) AND 401(K) RETIREMENT PLANS
The voluntary 403(b) or 401(k) plans allow staff members to contribute pre-tax or post-tax Roth dollars to an investment plan administered by Fidelity Investments up to the IRS annual limit. There are many investment options to choose from, including a self-directed brokerage account. Mayo Clinic will make matching contributions on the first 4% that the employee contributes (if eligible). The match level ranges from 50% to 100% based on your length of pension benefit service.

EDELMAN FINANCIAL ENGINES
Participants in the 403(b)/401(k) plans are automatically enrolled in Personal Asset Management Services from Edelman Financial Engines. Your account will be reviewed periodically and your asset allocation will be updated based on your demographic information and current market conditions. Edelman Financial Engines provides retirement planning tools and advisors to answer questions and assist in retirement planning. The first $5,000 is managed at no charge. You may opt out of this service at any time.

DEFERRED COMPENSATION 457(B)
Eligible staff members may defer pre-tax dollars in a Fidelity-administered investment program. Enrollment and deferral changes are allowed from May 1 - June 15 each year.

Time Away From Work

VACATION
Vacation days are allotted annually and are prorated for newly hired staff based on their start date.
