

Personalized services

Mayo Clinic Store employs highly trained and educated individuals who are available to answer your questions and support your individualized needs. Additional services available include:

Fittings

We offer personalized fittings, provided by certified fitters, that include individualized measurements for all of our mastectomy products and compression garments. Compression products are available in a variety of types including gauntlets, sleeves, wraps, and stockings for upper and lower extremities. Private fitting rooms are conveniently located in each store.

Insurance claims

We are in-network with many insurance companies and can file claims to your insurance on your behalf. Products covered by insurance require a prescription from your treating provider and may require other supporting documentation as determined by your insurance provider. Not all items may be covered depending upon your unique situation.

Compression & Mastectomy

Solutions for Healthier Living

Quality products for your specific medical need

Mastectomy bras

Mayo Clinic Store offers a full line of recovery care products made by Amoena and ABC. In the days following a surgery, softness and comfort are critical to your recovery. We offer several recovery care garments to meet women's needs including mastectomy, compression, camisole, and specialty bras in variety of colors and sizes.

Mastectomy accessories

We offer silicone forms from Amoena and ABC. In addition, we carry a wide selection of regular and specialty forms including lightweight, swim, and asymmetrical breast forms. Consult with a Mayo Clinic Store staff member regarding available options.

Compression garments

We carry compression stockings, armsleeves and velcro compression wraps for lymphedema and other vascular patient needs from Juzo and Sigvaris. We offer a wide variety of compression levels, styles, and fabrics. Custom and seasonal options are also available.

Compression accessories

Mayo Clinic Store offers a variety of compression accessories including donners, adhesives, gloves, and cleaning products.
