Overview and Instructions

The Power of Attorney for Health Care allows you to name one or more persons to make your health care decisions if you are unable to make them for yourself. The person you appoint is called your **health care agent**. Your health care agent may make your decisions only when you are unable to do so. It does not allow your health care agent to:

- Make your financial or other business decisions.
- Make certain decisions about your mental health treatment in Wisconsin.

It is important that you discuss this document, your views, and your values, with your health care agent, so your views and values will be fully respected and understood.

Important Information to Know

1. If your agent is your spouse or domestic partner, and if after signing this document your marriage is annulled, you are divorced or the domestic partnership is terminated, the document is invalid. Please contact your medical provider if needing assistance to create a new document.
2. If you wish to donate your body to medical science after death, contact the closest medical school in your state now and make arrangements through them. Finalizing arrangements for you to donate your body will take time. Here are some places to contact:
 - Mayo Clinic: 507-284-2693
 - University of Wisconsin–Madison Medical School: 608-262-2888
 - Medical College of Wisconsin: 414-955-8261
 - University of Minnesota Medical School – Anatomy Bequest Program: 612-625-1111

If you donate your body for scientific research, you **cannot** be an organ, tissue, or eye donor.

Notice to the Person Making This Document

You have the right to make decisions about your health care. No health care may be given to you over your objection, and necessary health care may not be stopped or withheld if you object.

Because your health care providers in some cases may not have had the opportunity to establish a long-term relationship with you, they are often unfamiliar with your beliefs and values and the details of your family relationships. This poses a problem if you become physically or mentally unable to make decisions about your health care.

In order to avoid this problem, you may sign this legal document to specify the person whom you want to make health care decisions for you if you are unable to make those decisions personally. That person is known as your health care agent. You should take some time to discuss your thoughts and beliefs about medical treatment with the person or persons whom you have specified. You may state in this document any types of health care that you do or do not desire, and you may limit the authority of your health care agent. If your health care agent is unaware of your desires with respect to a particular health care decision, he or she is required to determine what would be in your best interests in making the decision.

This is an important legal document. It gives your agent broad powers to make health care decisions for you. It revokes any prior power of attorney for health care that you may have made. If you wish to change your power of attorney for health care, you may revoke this document at any time by destroying it, by directing another person to destroy it in your presence, by signing a written and dated statement or by stating that it is revoked in the presence of two witnesses. If you revoke, you should notify your agent, health care provider(s), and any other person(s) to whom you have given a copy. If your agent is your spouse or your domestic partner, and your marriage is annulled or you are divorced or your domestic partnership is terminated after signing this document, the document is invalid.

You may also use this document to make or refuse to make an anatomical gift upon your death. If you use this document to make or refuse to make an anatomical gift, this document revokes any prior record of gift that you may have made. You may revoke or change any anatomical gift that you make by this document by crossing out the anatomical gifts provision in this document.

Do not sign this document unless you clearly understand it. It is suggested that you keep the original of this document on file with your physician or other primary care provider.

In Wisconsin, "A power of attorney for health care instrument that is in its original form or is a legible photocopy or electronic facsimile copy is presumed to be valid."

PART 1 – Appointing a Health Care Agent

With this legal form, I am naming who I want to make health care choices for me if I am not able. I expect to make my own choices as long as I am able, including stopping, starting, continuing, or refusing medical care. In Wisconsin, unless otherwise specified in this document, if two physicians (or one physician and one psychologist, physician assistant, or nurse practitioner) say that I am not able to make my own decisions, my health care agent(s) will make decisions in accordance with my choices. This may be referred to as activation or certification of my Power of Attorney for Health Care. Activation in other states may vary.

Part A: My Health Care Agent(s)

When choosing your health care agent, choose someone who knows you well, someone you trust, and someone who agrees to respect and honor your choices under stress. This person:

- Must be at least 18 years old.
- Cannot be your medical health care physician or work for your health care physician (unless he/she is a close relative).

First Choice

Name (First, Middle, Last)		Relationship	
Home Phone	Work Phone	Mobile Phone	
Street Address	City	State	ZIP Code

Second Choice If my first health care agent is unable or does not want to make decisions for me, my second choice is:

Name (First, Middle, Last)		Relationship	
Home Phone	Work Phone	Mobile Phone	
Street Address	City	State	ZIP Code

Third Choice If my second health care agent is unable or does not want to make decisions for me, my third choice is:

Home Phone	Work Phone	Mobile Phone	
Street Address	City	State	ZIP Code

Patient Name <i>(First, Middle, Last)</i>
Birth Date <i>(mm-dd-yyyy)</i>
Mayo Clinic Number

PART 2 – General Authority of the Health Care Agent

Upon activation/certification, my health care agent is able, but not limited, to:

- Make choices for me about my medical care or services, like tests, medications, and surgery. If treatment has already been started, my health care agent can keep it going, change it, or have it stopped depending upon my stated instructions, interpretation of other discussions, or my best interests.
- Review and release my medical records and personal files as needed for my medical care.
- Arrange for my medical care and treatment in any state or county.
- Say which health professionals and organizations may take care of me.
- Admit me to a nursing home or community-based residential facility for short-term stays for recuperative care or respite care.

Limitations on Mental Health Treatment in Wisconsin

Wisconsin law says my health care agent may not admit or commit me to an institution for mental diseases, an intermediate care facility for persons with an intellectual disability, a state treatment facility, or any mental health treatment facility. My health care agent may not consent for me to experimental mental health research or psychosurgery, electroconvulsive treatment, or drastic mental health treatment procedures.

Instructions for Completing Part 2

Place your initials (preferred) or a check mark by options offered—“Yes,” “No,” or “Does not apply.” If you do not make a clear choice, the statute in Wisconsin says your choice is considered to be “no.” This means that in Wisconsin, if you do not indicate a choice or choose “No,” only a court may make such a decision and not your health care agent.
