

Southwest Wisconsin 2023

# Community Impact Report

Mayo Clinic Health System is a nonprofit organization committed to improving the quality of life, health and well-being of the community. The organization builds and sustains relationships and invests in the communities where its patients and staff live and work.

In Southwest Wisconsin, Mayo Clinic Health System contributes to efforts that align with the priorities identified in the Community Health Needs Assessments in La Crosse and Monroe counties.

- Access to care
- Chronic disease and contributing factors
- Mental health and substance abuse
- Advancing equity, inclusion and diversity

## Community Investments

Through the Community Investment program, Mayo Clinic Health System awarded grants and in-kind donations to local organizations to support initiatives that align with community health needs priorities and enhance the vibrancy of the community, including:

- \$79,100 to food security organizations
- \$148,500 to organizations addressing homelessness and stable housing
- \$173,800 to safe places for learning and enrichment for youth and a new Boys & Girls Club in Onalaska
- In-kind donations of office space, furniture, garden plots, medical supplies, first aid kits and a vehicle

Mayo Clinic Health System awarded **\$687,100** to more than 165 key community organizations.

- Mental health and substance abuse
- Other social determinants of health
- Advancing equity, inclusion and diversity
- Access to care
- Chronic disease and contributing factors

## Community Involvement

Mayo Clinic Health System is committed to working with the community and organizations to tackle health needs, create programs and roll up our sleeves for a healthier, vibrant future. True to our values, our staff exemplify compassion, teamwork and excellence when meeting the needs of our communities.

- Devoted more than 3,000 hours of staff time to health outreach, service on nonprofit boards and volunteerism.
- Offered Journey to Wellness, a year-long virtual wellness program that covered topics like how to reduce cancer risk, improve heart health, enhance social connections, reduce stress and anxiety, nourish the body with healthy foods and practice gratitude.
- Presented at over 50 educational events on a range of topics including CPR, first aid, injury prevention, infectious disease, substance abuse, mental health, cognitive diseases, cancer prevention, weight management and healthcare careers.
- Mentored Health Science Academy students to prepare them for future healthcare careers.

## Community Partnerships

Maintaining the region as a great place to live, work, learn and be healthy requires collaboration and pooling of resources. Mayo Clinic Health System is proud to partner with organizations across the region to address needs and further equity, diversity and inclusion.

Key partnerships include:

- Boys & Girls Clubs
- Great Rivers United Way
- Higher education institutions
- Public health departments
- School districts
- St. Clare Health Mission
- Organizations who advance equity, inclusion and diversity

Through these partnerships Mayo Clinic Health System provided free sports physicals for children, COVID and flu vaccines for Spanish-speaking families, STI testing for college students, access to public health workers and preventive screenings.

## 2,800

Mayo Clinic Health System has nearly **2,800 employees** in the Southwest Wisconsin region.

## \$37,900+

Staff gave **more than \$37,900** to the United Way.
