

## Mayo Clinic Specialty Pharmacy... an extension of your Mayo Clinic care

Our pharmacy staff can supply the drugs you need for your chronic condition after you return home. Mayo Clinic pharmacists and technicians together develop a personalized medication management program for you.

Experienced pharmacy professionals work closely with your Mayo Clinic physicians, nurses and others as part of your Mayo Clinic care team. We have access to answers for any questions that may arise concerning your care and treatment.

And you can consult with our knowledgeable pharmacists and staff to address your concerns quickly and professionally.

## Exceptional quality from a name you can trust

Mayo Clinic Specialty Pharmacy provides quality, competitively priced medications and supplies, some of which may not be available at your local pharmacy.

The program gives you access to a full range of pharmacy and support services, saving you time and energy. Our Specialty Pharmacy offers you personal consultation and express courier service at no extra cost to ensure that you have safe, effective drugs when and where you need them.

We focus on your individual medication management needs in an environment of strict patient confidentiality.

## Fast, convenient service and freedom from paperwork

Mayo Clinic Specialty Pharmacy coordinates all billing and insurance claims on your behalf, relieving you of up-front costs and the headaches of completing insurance forms and filing claims.

We submit claims to private insurance companies, Medicare and other third-party payers. Our Specialty Pharmacy services are accepted by many major insurance plans, and we accept all major credit cards for your co-payments.

A toll-free number offers ready access to pharmacy staff and makes refilling prescriptions easy. Your medications are delivered via express courier service anywhere in the continental USA.
