## Cannon Falls

Minnesota law requires primary care and pediatric clinics to annually post the following information for the top 25 most commonly billed services priced over \$25, including the top 10 Evaluation & Management and Preventive Medicine services. Mayo Clinic supports the intent of this law to educate patients on the cost of health care and the patient financial responsibilities. Mayo Clinic can provide patient estimates for services to be performed. **The amounts posted below do not reflect the amount(s) each clinic patient will pay for the services listed.** For specific information about the amount you will owe for the services you receive, contact the Patient Estimating Service if you have questions about whether you should anticipate seeing any of these charges on your upcoming visit.
